## FAIRWAY SHORES HOMEOWNERS ASSOCIATION

### **From Roland Connelly, President**

We are all glad that spring is here and that summer is not far behind. FSHOA had a great Christmas party last December at Tillery Tradition. We had our largest crowd ever with 56 members and families in attendance. All had a great time, good fellowship and food.

We had over 25 members participate in our spring clean-up and social in April. I think that the entrance areas are looking great. I hope that you agree. As I'm sure you have noticed, we had to replace the retaining wall at the South entrance. The wall looks better than the old one as well as being much safer now.

## Presidents Notes (continued)

The next event is our **Annual General Meeting**, which will be held on Saturday, June 11<sup>th</sup> at 5:00 pm. It will be at 119 Dogwood Ln. We will have a guest from Duke Energy to talk with us and answer questions that you may have about shoreline management. We will also be electing officers and board members for the association.

See our web-site, [www.fshoa.org](http://www.fshoa.org) for details. If anyone is interested in serving the community by being a board member or an officer, please contact one of the current board members.

If you are having any **concrete** work done, please note that any wash-out from the concrete truck must be left on your property or placed in a container and hauled away. IT SHOULD NOT be dumped in the roadside ditch anywhere within FS. If you are using a contractor, make sure they understand this at the outset.

### Responsibilities of Landlords:

If you rent your property out then you should make sure that your renters are aware of good neighbor practices as well as water safety rules and regulations. We all want to enjoy the lake and have a good time, but we must also be aware of our neighbors and the safety of all around the water.

### Photos of our entrances:

### Grass cutting across the road:

Most homes in FS do not have anyone living directly across the street from them. It is being a good neighbor to cut the grass across the street from you. If you use a service, please ask them to do that also. It makes the whole neighborhood look much better. The state may cut it once or twice a summer and that is not enough to keep things looking good.
